THE COUNCIL MEETING

Held Last Night Was a Long One.

FINANCE COMMITTEE REPORT

Against Improving Very Many Streets as the City Hasn't a Surplus of Funds.—The City Printing Awarded to a Weakly of Abbreviated Circulation.

Council was called to order promptly at 8 o'clock last night, with all members in their places except Marshall.

After the minutes were approved the bill poster's ordinance came up for its third reading. Peake thought that the license should be made \$20 instead of \$10, and made a motion to that effect, but got no second. The ordinance was then passed, Peake voting no. This didn't entirely settle the affair with Peake as he began to talk about an ordinance that was passed eight years ago on the subject. The president told him it was too late to talk, and a report was read from the finance committee, reporting against the improving of Avondale street, as about one-half of the property owners were represented on the waiver, but recommending that sidewalks be laid on the street. They also recommended that sidewalks be laid on Jethro road, Trentvale street, Sixth street and Lisbon road.

The ordinance to relay sidewalks on Sixth street was read for the second time, as were the ones for the improvement of Huston road, Mulberry street, East End, First avenue, East End and Pennsylvania avenue, East End. The ordinance prohibiting children on the streets came up for its second reading, and the resolution in regard to the mayor collecting fines from prisoners was passed, all members voting yes.

The ordinance to lay sidewalks on one side of Jethro street was read for the third time and placed on its final passage.

Peake objected to only one side of the street being paved and asked Stewart to vote it down.

Engineer George said pavements would then be on both sides of the street.

Peake here entered into a lengthy explanation of the improvement and became too personal in his remarks, it becoming necessary for President Purinton to call him to order.

Kent said the street committee had inspected the roadway, and Purinton was of the opinion that it would be a good thing for Peake, as the people would then travel his side of the street. The ordinance then passed, Peake alone voting no.

A petition was received from the Potters' Co-operative company, West Market street, remonstrating against council not taking some action to save their plant from damage by water, claiming they had called the street commissioner's attention to it on several occasions. The matter was referred to the street commissioner.

A petition from the local board of insurance was received, asking that council establish a fire limit. Peake moved it be received and filed.

Stewart said he thought council should do something with the petition, as there was a committee appointed last year to draw up a fire line, but he didn't think they ever acted.

Purinton—There is an ordinance on the books now allowing fire limit in certain sections of the city. Personally, I don't think council has the power to establish a fire limit. I think we had better ask the solicitor for a written opinion on the matter. I think it leaves it voluntarily with the property owners.

The matter was then referred to the solicitor and council passed on.

Attorney Brookes was present and was informed that the Billingsley matter would come up at some future time.

The street committee reported that they had investigated Mrs. Trainor's claim and decided to allow her \$25 for damages to her property on Spring street.

Kent moved it be placed on the payroll. Stewart wanted to know if they had found out whether it was the city's fault. After some more discussion it was referred to the solicitor.

The committee elected to consider the advisability of the city owning its own light plant reported as follows: Cost of altering pump house, building stack, pit, foundation, boilers, etc., \$9,200. 2-80 arc dynamos "with direct connection to two engines complete; 1-1000 incandescents, complete to one direct connection engine; also lamps and city wired, \$24,350. Total cost, \$33,550. This is for the latest and best electrical machinery. Estimate and expense of running, \$4,950." Peake moved it be received and filed. Stewart said he thought something should be done with the report besides receiving and filing it.

He gave some data from which their report was gathered and was in favor of taking a full evening to discuss the subject. Horwell was of the same opinion, while Peake talked a long time about seeing the Ceramic City Light company to find out what they would do for the city. The motion to file the report was carried, Horwell and Stewart voting no. Peake then wanted council to instruct the light committee to confer with the light company, and was told they could do that without a motion. Stewart moved that council meet one night this week to consider the matter. The motion was carried.

Purinton said the finance committee had asked for bids for the city printing from all the papers, and wanted to know if it was the wish of council that all daily and weekly papers have a chance to bid. On motion of Challis and seconded by Stewart all bids were received. The Crisis daily, bid 20 cents per square for first insertion and 10 cents for all subsequent insertions. The Crisis semi-weekly, 15 cents first insertion, 7½ cents for second. When published in both papers, 25 cents first, 15 cents second.

The NEWS REVIEW daily, bid 15 cents per square first insertion and 10 cents for second insertion. When published in both daily and weekly, 15 cents for daily and 10 cents for weekly.

The Tribune, weekly, bid 10 cents per square for all printing, except where the law required it to be published in two papers. They also specified that they were to get all the resolutions and ordinances to print. Ashbaugh moved it be given to the NEWS REVIEW but got no second. Challis moved it be given to the cheapest bidder, the Tribune. Kent seconded this motion and a vote was taken, Ashbaugh voting no, because he said he didn't consider the Tribune the cheapest bidder. Stewart also voted no.

The street commissioner made his report and Chief Morley reported that the fire department had made four runs to fire, answered 20 calls for patrol, conveyed 23 people to jail and hauled two injured persons home. The Treasurer's report showed the following balances: General, \$1,421.91; sinking, \$6,724.34; fire, \$114.35; sanitary, \$259.16; street, \$2,047.42; street repairing, \$1,403.70; wharf, \$149.18; police, \$70.48; light, \$1,054.73; interest, \$1,552.38; bridge, \$111.48. The mayor reported \$144.18 fines and licenses collected.

The damage bills of Joseph Warner and Georgiana Pickal, for \$100 and \$50 respectively, were referred to the solicitor. The bill of J. B. McLaughlin for \$65, for defending Jennings and Earl, was referred to finance committee with instructions to see ex-solicitor Clark. The bill of Recorder Lease for \$45 for recording Bradshaw's plat, was placed on the pay roll after some discussion.

Purinton wanted to know about Johnson's bill for taking prisoners to the workhouse, and was told that it was money paid out of the marshal's pocket. The pay roll was then passed. A resolution for the mayor and clerk to issue a note for \$1,000, to pay Harrison Rinehart for work on the Calcutta road, was carried. A resolution to lay sidewalks on Avondale street, was passed under suspension of the rules. One to improve the upper part of Walnut street, was also passed under a suspension of the rules.

Peake began to talk about Pleasant street, but nobody paid any attention to him and he sat down. The bonds of the firemen were presented and referred to finance committee. Stewart, by request, called attention to the fact that there were no fire plugs at the Globe pottery, at the corner of St. John and Florence streets and one at Locust alley.

The fire committee were instructed to put in the plug at the Globe, and the other two were left in their hands to make a report at the next meeting. Kent called attention to the upper part of Lincoln avenue, and council instructed the board of improvements to look the matter up. The light committee were also instructed to confer with the light company in regard to light in the clock tower. The board of improvements will also be notified about an alley near Foster's coal office. Ashbaugh tried to bring the matter of city printing up again, but was told that it couldn't be done unless some one voting in the majority would move for a reconsideration. Some explanation followed, but the matter was left.

Purinton called attention to the fact that Officers Wham, Meador and Jennings were at the ball game Decoration day, and said it was a matter of some consequence, as the ordinance said the officers should not loaf or lounge around. The police committee will investigate the matter. The workhouse contract was annulled, and the mayor was ordered to cease sending prisoners to the workhouse. A communication was received from J. C. Deidrick about water running over the pavement when there was a heavy rain. It was placed in the hands of the street committee and council adjourned.

THE ELECTION IS ON

But Little Interest is Being Manifested.

A VERY SMALL VOTE POLLED

Up to the Time of Going to Press.—The Object of the Bond Issue is to Improve the Central School—Adverse Statements Being Circulated.

The election arranged by the board of education to submit to the people whether or not bonds in the sum of \$15,000 would be issued, is now going on, and up to the time of going to press but little interest has been manifested.

At the meeting of the board on Monday, May 25, they determined that it was necessary for the proper accommodation of the schools, and obtaining and improving the Central building to expend a greater sum than was provided by the election of January 26, 1894, authorizing the building of a school house and the issue of bonds for its erection.

It was found that the obtaining and improving of the new school house, would require a greater tax upon the property than the board were permitted to levy, and in order to provide the necessary means it would be necessary to increase the tax levy. After careful consideration it was found that \$15,000 would cover the amount, and an election was called for today. The questions being submitted are as follows:

First—Shall taxes be levied for the purpose of obtaining and improving new school house on lots No. 1, 7 and 13, the probable cost being \$15,000?

Second—Shall a levy be made from year to year after five years after the date of the bonds, sufficient to provide for the payment of \$2,000 each year of the principal thereof?

Whether the election will give the board the authority they desire is a matter of conjecture, as we understand there are certain parties who have circulated adverse statements in regard to the objects of the bond issue, and are doing all in their power to accomplish its defeat.

THAT RACE.

The Contestants Made Most Wonderful Time.

A well-known and popular attorney of East Liverpool bears the reputation of being an extraordinarily speedy sprinter, capable of doing his hundred yards in wonderful time, and he looks with scorn upon those who are less fleet-footed. He was boasting of his prowess yesterday, when an aged man, somewhere between 50 and 100 years, began chaffing him, stating that he, the aged man, could himself outrun the speeder. Laughing rejoinders were bandied about, and the result was a race from Washington street to Broadway, the attorney racing to the front on the start, gaining an advantage of some ten feet in the first 50 yards, and imagined himself flying, with a possibility of distancing his aged opponent. The old gentleman was but biding his time, holding himself in readiness for the finish, and he came on with a rush, forcing the boaster to a stand-still and ignominiously defeating him, much to his discomfiture and chagrin. The attorney was not satisfied with the single dash, and demanded a second trial, which was accorded him, and the distance made one hundred yards. The contestants were again given the word, the attorney sprinting from the start, as previously, and the aged gentleman trailing him, coming up hand over hand at the proper time. He was about passing his young opponent, who is about thirty years of age, when the latter, rendered desperate by the outlook for a second humiliation, attempted to jockey the old man, with the result that the legal light was sent spinning, head foremost, upon the pavement, a distance of some twelve or fifteen feet, his competitor becoming entangled in his pedestals, which are of unlimited dimensions, with the result that he also executed a grand and lofty tumble, sending him to the front with lightning-like speed, winning the race by some 15 feet. Both racers are under charge of their family physicians, while there has been a corner effected upon the arnica market. Selah.

MANY PHYSICIANS

Witnessed a Test Yesterday Used in a Surgical Operation.

A large number of physicians gathered at the office of Dr. C. B. Ogden yesterday afternoon to witness a surgical operation performed. A number of the dental fraternity, who were in the city attending a meeting of their society, requested that the anæsthetic used to

deadened pain when extracting teeth, be used on the person operated upon, Henry Schiffbauer. The latter is suffering from a great abscess that formed in the region of the abdominal cavity and has been the source of much pain for a long time. Doctors Ogden and Kirk used the knife and the operation was a success. The test did not prove, however, that anæsthetic injections were of much assistance in surgery. Schiffbauer is a midget in stature, is married, has children and resides on College street. He is much improved.

PETTY THIEVES

Steal Valuable Dogs From the National House.

Charles Hutcheson, proprietor of the National House, has been subjected to considerable annoyance lately by a number of petty thefts that have been surreptitiously carried out by unknown parties. The thieves have been in the habit of entering the eastern part of the hotel during the absence of the inmates from that part of the building, and going to the basement, would appropriate towels, laundry and many other things that they could conveniently carry off. Yesterday afternoon another raid was made, and three valuable water spaniel pups, which Mr. Hutcheson prized very highly, were spirited away. When the theft was discovered Mr. Hutcheson became justly indignant and at once offered a reward, as noted elsewhere in these columns, for any information that would lead to the apprehension of the guilty persons.

A WORTHY MOVE.

A Game of Ball For the Benefit of Curt Welsh.

Curt Welsh, the once great outfielder of the St. Louis Browns "Four Time Winners," is to be tendered a rousing benefit at West End park on Tuesday June 30. The genuine old Crockery City club of 1878 will play against Manager John Godwin's Eclipse team.

The Crockerys will consist of Jack Howarth, catcher; Tom Pickal, pitcher; Loomis Kinsey, short stop; Ed Smith, first base; Chal Stewart, second base; James Logan; third base; Dick Dechant, left field; Jackey Rowe, center field; Robert Ashbaugh, right field.

Until two months ago Curt was employed as a kilnhand at the Dresden pottery, but is at present unable to perform any kind of labor and has a large family depending on him for support. Everybody should lend a helping hand to the veteran in distress.

AN EASY THING.

The Wellsilles Defeated by the Clerks Yesterday.

The Clerks baseball club went to Wellsville yesterday and defeated a team composed of a large majority of the Crescents and a few clerks, by a score of 14 to 5. The two nines lined up as follows: Clerks—McClure, catcher; Colclough, pitcher; McIntosh, short; Wallace, first; Herbert, second; Gaston, third; Hill, left; Stevenson, center; Hall, right. Wellsilles—Edener, catcher; Rayl, pitcher; Jobling, short; Thompson, first; Snediker, second; Ainsley, third; Patterson, left; Turner, center; McIntosh, right. The clerks hit Rayl hard and fielded in good style, but had to play against the largest number of rowdy small boy spectators ever seen on a ball ground. The umpire, of course, gave Wellsille a little the best of it, but, taken altogether, umpired a square game.

EPWORTH LEAGUE PICNIC

The Largest that ever Left the City, 1,000 People Attending.

A great crowd from this city are in attendance at the Epworth League, of the First Methodist Episcopal church picnic at Rock Point today. 280 tickets were sold from Wellsille and 725 from this place. The supply of tickets gave out, the number going exceeding all expectations. Eleven coaches and one baggage car were provided for the excursionists; this number was inadequate to accommodate the immense throng, and a coach was detached from the morning west bound train at Industry and added to the excursion train. A number of people were taken on at Smith's Ferry and altogether the picnic is the largest one that ever left the city.

A RECEPTION

To Be Tendered to Reverend Whitehead and Wife.

The various organizations of the city, in conjunction with the citizens in general, will tender to Reverend Whitehead and his estimable wife a reception in the George building at 8:30 tonight. The entertainment will consist of a fine musical program, speech making and a general good time. The reception will be open to the public and the evening will long be remembered as one of genuine enjoyment by all who are in attendance.

MAY BE AT ROCK POINT

The Labor Day Demonstration and Picnic.

THE COMMITTEE MET LAST NIGHT

And Thoroughly Discussed the Matter—A Sub-Committee to Confer With Railroad Officials—They Think an Excursion to Rock Point More Profitable.

It begins to look as though East Liverpool will go begging for a Labor Day demonstration this year, unless certain concessions are granted to Trades council. Ever since Labor Day has become a fixture in East Liverpool, it has been the custom to give a parade and hold the celebration at Columbian park. Last year there was a great deal of dissatisfaction because the street car company would not give the people any accommodation, or the owner of the park would not allow Trades council to run any stands on the grounds, thus cutting off a large source of revenue. The committee appointed to get up the celebration for this year have determined to either have some rights granted them or the affair will be given at Rock Point, and a committee was appointed to confer with the railroad officials on the subject. As Rock Point can be secured for nothing, and Trades council will be given a per centage on every ticket from here to that point, it will pay them better to go away from the city to hold the demonstration than to depend on parties who will not grant them anything.

ELECTED OFFICERS.

The Odontological Society Adjourned Last Evening.

It is seldom that the city has so many distinguished visitors in one day as met in the office of Doctor C. H. Birkett yesterday. Among the noted people present were Dr. J. G. Tompkins, dean, and the demonstrators of the Western university of Pennsylvania dental department; Doctor Wheeler, of New York, inventor of the fractional volt selector, and Doctor S. B. Dunham, Cleveland. The members of the society visited Knowles' pottery yesterday afternoon, and closed their session by electing Dr. George G. Crow, Charleroi, Pa., president; Dr. H. H. Harrison, Wheeling, W. Va., vice president; W. E. Van Orsdel, Sharon, Pa., secretary. The visitors expressed themselves as well pleased with East Liverpool, and left for their homes this morning.

BOARD OF IMPROVEMENTS

Held an Interesting Session Last Evening.

The board of improvements was called to order at 7:30 last night with Member Kent presiding. Two resolutions, one to lay sidewalks on Avondale street, and one to pave a portion of Walnut street, were passed by the board. A petition was received from the residents of High street, East End, asking that the street might be opened and graded from Hill alley to Mulberry street extension. The petition was received and a committee composed of Engineer George, Commissioner Finley and Mayor Gilbert appointed to view the street and report at the next meeting.

THRILLING RUNAWAY.

A Horse Driven by Ed. Davidson Makes a Wild Rush.

Last night while Ed Davidson, of Broadway, was exercising a horse that had not been out of the stable for several days, the animal being rather spirited, started to run off, and dashed out from the Diamond up East Market street at a mad rate of speed. A companion named Neal was in the buggy at the time, and became greatly frightened. Young Davidson pluckily held to the reins, but in vain tried to check the speed of the excited horse. Continuing its course the animal ran up the Calcutta road, but was soon tired out by reason of the long hill, and in this state was easily brought into submission again.

TRACK UNDERMINED.

Earth Washed Away—Telegraph Poles Displaced by the Rain.

A number of small washouts are reported to have taken place last night. A portion of the bank over which the course of the street car track lies, just east of the freight depot, was washed away and the track undermined. The dirt was carried on down the bank and a great hole left. The Horn switch at Walnut street was covered with dirt caused by the rain, and two telegraph poles on the upper East End road were displaced.

Will Finish Today.

The Board of Equalization will finish their labors this afternoon, and send their report to the auditor Monday.

Purinton said the finance committee had asked for bids for the city printing from all the papers, and wanted to know if it was the wish of council that all daily and weekly papers have a chance to bid. On motion of Challis and seconded by Stewart all bids were received. The Crisis daily, bid 20 cents per square for first insertion and 10 cents for all subsequent insertions. The Crisis semi-weekly, 15 cents first insertion, 7½ cents for second. When published in both papers, 25 cents first, 15 cents second.

The NEWS REVIEW daily, bid 15 cents per square first insertion and 10 cents for second insertion. When published in both daily and weekly, 15 cents for daily and 10 cents for weekly.

The Tribune, weekly, bid 10 cents per square for all printing, except where the law required it to be published in two papers. They also specified that they were to get all the resolutions and ordinances to print. Ashbaugh moved it be given to the NEWS REVIEW but got no second. Challis moved it be given to the cheapest bidder, the Tribune. Kent seconded this motion and a vote was taken, Ashbaugh voting no, because he said he didn't consider the Tribune the cheapest bidder. Stewart also voted no.

The street commissioner made his report and Chief Morley reported that the fire department had made four runs to fire, answered 20 calls for patrol, conveyed 23 people to jail and hauled two injured persons home. The Treasurer's report showed the following balances: General \$1,421.91; sinking, \$6,724.34; fire, \$114.35; sanitary, \$259.16; street, \$2,047.42; street repairing, \$1,403.70; wharf, \$149.18; police, \$70.48; light, \$1,054.73; interest, \$1,552.38; bridge, \$111.48. The mayor reported \$144.18 fines and licenses collected.

The damage bills of Joseph Warner and Georgiana Pickal, for \$100 and \$50 respectively, were referred to the solicitor. The bill of J. B. McLaughlin for \$65, for defending Jennings and Earl, was referred to finance committee with instructions to see ex-Solicitor Clark. The bill of Recorder Lease for \$45 for recording Bradshaw's plat, was placed on the pay roll after some discussion.

Purinton wanted to know about Johnson's bill for taking prisoners to the workhouse, and was told that it was money paid out of the marshal's pocket. The pay roll was then passed. A resolution for the mayor and clerk to issue a note for \$1,000, to pay Harrison Rinehart for work on the Calcutta road, was carried. A resolution to lay sidewalks on Avondale street, was passed under suspension of the rules. One to improve the upper part of Walnut street, was also passed under a suspension of the rules. Peake began to talk about Pleasant street, but nobody paid any attention to him and he sat down. The bonds of the firemen were presented and referred to finance committee. Stewart, by request, called attention to the fact that there were no fire plugs at the Globe pottery, at the corner of St. John and Florence streets and one at Locust alley. The fire committee were instructed to put in the plug at the Globe, and the other two were left in their hands to make a report at the next meeting. Kent called attention to the upper part of Lincoln avenue, and council instructed the board of improvements to look the matter up. The light committee were also instructed to confer with the light company in regard to light in the clock tower. The board of improvements will also be notified about an alley near Foster's coal office. Ashbaugh tried to bring the matter of city printing up again, but was told that it couldn't be done unless some one voting in the majority would move for a reconsideration. Some explanation followed, but the matter was left.

Purinton called attention to the fact that Officers Wham, Meador and Jennings were at the ball game Decoration day, and said it was a matter of some consequence, as the ordinance said the officers should not loaf or lounge around. The police committee will investigate the matter. The workhouse contract was annulled, and the mayor was ordered to cease sending prisoners to the workhouse. A communication was received from J. C. Deidrick about water running over the pavement when there was a heavy rain. It was placed in the hands of the street committee and council adjourned.

THE ELECTION IS ON

But Little Interest is Being Manifested.

A VERY SMALL VOTE POLLED

Up to the Time of Going to Press.—The Object of the Bond Issue is to Improve the Central School—Adverse Statements Being Circulated.

The election arranged by the board of education to submit to the people whether or not bonds in the sum of \$15,000 would be issued, is now going on, and up to the time of going to press but little interest has been manifested.

At the meeting of the board on Monday, May 25, they determined that it was necessary for the proper accommodation of the schools, and obtaining and improving the Central building to expend a greater sum than was provided by the election of January 26, 1894, authorizing the building of a school house and the issue of bonds for its erection.

It was found that the obtaining and improving of the new school house, would require a greater tax upon the property than the board were permitted to levy, and in order to provide the necessary means it would be necessary to increase the tax levy. After careful consideration it was found that \$15,000 would cover the amount, and an election was called for today. The questions being submitted are as follows:

First—Shall taxes be levied for the purpose of obtaining and improving new school house on lots No. 1, 7 and 13, the probable cost being \$15,000?

Second—Shall a levy be made from year to year after five years after the date of the bonds, sufficient to provide for the payment of \$2,000 each year of the principal thereof?

Whether the election will give the board the authority they desire is a matter of conjecture, as we understand there are certain parties who have circulated adverse statements in regard to the objects of the bond issue, and are doing all in their power to accomplish its defeat.

THAT RACE.

The Contestants Made Most Wonderful Time.

A well-known and popular attorney of East Liverpool bears the reputation of being an extraordinarily speedy sprinter, capable of doing his hundred yards in wonderful time, and he looks with scorn upon those who are less fleet-footed. He was boasting of his prowess yesterday, when an aged man, somewhere between 50 and 100 years, began chaffing him, stating that he, the aged man, could himself outrun the speeder. Laughing rejoinders were bandied about, and the result was a race from Washington street to Broadway, the attorney racing to the front on the start, gaining an advantage of some ten feet in the first 50 yards, and imagined himself flying, with a possibility of distancing his aged opponent. The old gentleman was not biding his time, holding himself in readiness for the finish, and he came on with a rush, forcing the boaster to a stand-still and ignominiously defeating him, much to his discomfiture and chagrin. The attorney was not satisfied with the single dash, and demanded a second trial, which was accorded him, and the distance made one hundred yards. The contestants were again given the word, the attorney sprinting from the start, as previously, and the aged gentleman trailing him, coming up hand over hand at the proper time. He was about passing his young opponent, who is about thirty years of age, when the latter, rendered desperate by the outlook for a second humiliation, attempted to jockey the old man, with the result that the legal light was sent spinning, head foremost, upon the pavement, a distance of some twelve or fifteen feet, his competitor becoming entangled in his pedestals, which are of unlimited dimensions, with the result that he also executed a grand and lofty tumble, sending him to the front with lightning-like speed, winning the race by some 15 feet. Both racers are under charge of their family physicians, while there has been a corner effected upon the arnica market. Selah.

MANY PHYSICIANS

Witnessed a Test Yesterday Used in a Surgical Operation.

A large number of physicians gathered at the office of Dr. C. B. Ogden yesterday afternoon to witness a surgical operation performed. A number of the dental fraternity, who were in the city attending a meeting of their society, requested that the anaesthetic used to

deadened pain when extracting teeth, be used on the person operated upon, Henry Shiffbauer. The latter is suffering from a great abscess that formed in the region of the abdominal cavity and has been the source of much pain for a long time. Doctors Ogden and Kirk used the knife and the operation was a success. The test did not prove, however, that anaesthetic injections were of much assistance in surgery. Shiffbauer is a midget in stature, is married, has children and resides on College street. He is much improved.

PETTY THIEVES

Steal Valuable Dogs From the National House.

Charles Hutcheson, proprietor of the National House, has been subjected to considerable annoyance lately by a number of petty thieves that have been surreptitiously carried off by unknown parties. The thieves have been in the habit of entering the eastern part of the hotel during the absence of the inmates from that part of the building, and going to the basement, would appropriate towels, laundry and many other things that they could conveniently carry off. Yesterday afternoon another raid was made, and three valuable water spaniel pups, which Mr. Hutcheson prized very highly, were spirited away. When the theft was discovered Mr. Hutcheson became justly indignant and at once offered a reward, as noted elsewhere in these columns, for any information that would lead to the apprehension of the guilty persons.

A WORTHY MOVE.

A Game of Ball For the Benefit of Curt Welsh.

Curt Welsh, the once great outfielder of the St. Louis Browns "Four Time Winners," is to be tendered a rousing benefit at West End park on Tuesday June 30. The genuine old Crockery City club of 1878 will play against Manager John Godwin's Eclipse team.

The Crockerys will consist of Jack Howarth, catcher; Tom Pickal, pitcher; Loomis Kinsey, short stop; Ed Smith, first base; Chal Stewart, second base; James Logan; third base; Dick Dechant, left field; Jackey Rowe, center field; Robert Ashbaugh, right field.

Until two months ago Curt was employed as a kilnhand at the Dresden pottery, but is at present unable to perform any kind of labor and has a large family depending on him for support. Everybody should lend a helping hand to the veteran in distress.

AN EASY THING.

The Wellsvilles Defeated by the Clerks Yesterday.

The Clerks baseball club went to Wellsville yesterday and defeated a team composed of a large majority of the Crescents and a few clerks, by a score of 14 to 5. The two nines lined up as follows: Clerks—McClure, catcher; Colclough, pitcher; McIntosh, short; Wallace, first; Herbert, second; Gaston, third; Hill, left; Stevenson, center; Hall, right. Wellsville—Eidener, catcher; Rayl, pitcher; Jobling, short; Thompson, first; Suediker, second; Ainsley, third; Patterson, left; Turner, center; McIntosh, right. The clerks hit Rayl hard and fielded in good style, but had to play against the largest number of rowdy small boy spectators ever seen on a ball ground. The umpire, of course, gave Wellsville a little the best of it, but, taken altogether, umpired a square game.

EPWORTH LEAGUE PICNIC

The Largest that ever Left the City, 1,000 People Attending.

A great crowd from this city are in attendance at the Epworth League, of the First Methodist Episcopal church picnic at Rock Point today. 250 tickets were sold from Wellsville and 725 from this place. The supply of tickets gave out, the number going exceeding all expectations. Eleven coaches and one baggage car were provided for the excursionists; this number was inadequate to accommodate the immense throng, and a coach was detached from the morning west bound train at Industry and added to the excursion train. A number of people were taken on at Smith's Ferry and altogether the picnic is the largest one that ever left the city.

A RECEPTION

To Be Tendered to Reverend Whitehead and Wife.

The various organizations of the city, in conjunction with the citizens in general, will tender to Reverend Whitehead and his estimable wife a reception in the George building at 8:30 tonight. The entertainment will consist of a fine musical program, speech making and a general good time. The reception will be open to the public and the evening will long be remembered as one of genuine enjoyment by all who are in attendance.

MAY BE AT ROCK POINT

The Labor Day Demonstration and Picnic.

THE COMMITTEE MET LAST NIGHT

And Thoroughly Discussed the Matter—A Sub-Committee to Confer With Railroad Officials—They Think an Excursion to Rock Point More Profitable.

It begins to look as though East Liverpool will go begging for a Labor Day demonstration this year, unless certain concessions are granted to Trades council. Ever since Labor Day has become a fixture in East Liverpool, it has been the custom to give a parade and hold the celebration at Columbian park. Last year there was a great deal of dissatisfaction because the street car company would not give the people any accommodation, or the owner of the park would not allow Trades council to run any stands on the grounds, thus cutting off a large source of revenue. The committee appointed to get up the celebration for this year have determined to either have some rights granted them or the affair will be given at Rock Point, and a committee was appointed to confer with the railroad officials on the subject. As Rock Point can be secured for nothing, and Trades council will be given a per centage on every ticket from here to that point, it will pay them better to go away from the city to hold the demonstration than to depend on parties who will not grant them anything.

ELECTED OFFICERS.

The Odontological Society Adjourned Last Evening.

It is seldom that the city has so many distinguished visitors in one day as met in the office of Doctor C. H. Birkett yesterday. Among the noted people present were Dr. J. G. Templeton, dean, and the demonstrators of the Western university of Pennsylvania dental department; Doctor Wheeler, of New York, inventor of the fractional volt selector, and Doctor S. B. Dunham, Cleveland. The members of the society visited Knowles' pottery yesterday afternoon, and closed their session by electing Dr. George G. Crow, Charleroi, Pa., president; Dr. H. H. Harrison, Wheeling, W. Va., vice president; W. E. Van Orsdel, Sharon, Pa., secretary. The visitors expressed themselves as well pleased with East Liverpool, and left for their homes this morning.

BOARD OF IMPROVEMENTS

Held an Interesting Session Last Evening.

The board of improvements was called to order at 7:30 last night with Member Kent presiding. Two resolutions, one to lay sidewalks on Avondale street, and one to pave a portion of Walnut street, were passed by the board. A petition was received from the residents of High street, East End, asking that the street might be opened and graded from Hill alley to Mulberry street extension. The petition was received and a committee composed of Engineer George, Commissioner Finley and Mayor Gilbert appointed to view the street and report at the next meeting.

THRILLING RUNAWAY.

A Horse Driven by Ed. Davidson Makes a Wild Rush.

Last night while Ed Davidson, of Broadway, was exercising a horse that had not been out of the stable for several days, the animal being rather spirited, started to run off, and dashed out from the Diamond up East Market street at a mad rate of speed. A companion named Neal was in the buggy at the time, and became greatly frightened. Young Davidson pluckily held to the reins, but in vain tried to check the speed of the excited horse. Continuing its course the animal ran up the Calcutta road, but was soon tired out by reason of the long hill, and in this state was easily brought into submission again.

TRACK UNDERMINED.

Earth Washed Away—Telegraph Poles Displaced by the Rain.

A number of small washouts are reported to have taken place last night. A portion of the bank over which the course of the street car track lies, just east of the freight depot, was washed away and the track undermined. The dirt was carried on down the bank and a great hole left. The Horn switch at Walnut street was covered with dirt caused by the rain, and two telegraph poles on the upper East End road were displaced.

Will Finish Today.

The Board of Equalization will finish their labors this afternoon, and send their report to the auditor Monday.

The News Review.

By the Week.....10

EAST LIVERPOOL, O., WEDNESDAY, JUNE 10.

For President,
WILLIAM MCKINLEY,
Of Ohio.

MRS. WHITEHEAD.

This estimable lady will leave tomorrow morning for the mountains of Maryland, as per her usual custom. She will not resign her position in the school board, as there exists a possibility that she may continue to make East Liverpool her home.

THE COLOR QUESTION.

And now they are talking of transferring the Republican convention from St. Louis to Chicago, on account of the action of the hotel and restaurant keepers of the former city against the colored delegates. It is very evident that the race question has not yet been solved in the south. The original understanding was that the color line should not be drawn by the residents of St. Louis, and they should act honorably and in compliance with that agreement.

ELECTRIC LIGHTING.

Shall East Liverpool erect, own and control her own light plant? Will such a measure prove one of true economy? Is the city being charged extravagant rates by the present local company? These are pertinent questions and are to be answered by our Solons. As per data and figures furnished council last night, those cities which furnish their own plants and lighting apparatus are having lights furnished at a figure far below the figures charged by private parties. If said figures and data cover the ground fully, purchase of land, motive power, engaging of employees, etc., etc., then the council of East Liverpool is not doing its duty to constituents if it fails to take action looking to the establishing of a plant in this city. Councilman Peake last night, in council assembled, declared in favor of consulting with the officials of the present light company, in order to ascertain whether or not they could furnish lights at a sufficiently reduced rate to meet the wishes of council. The question of lighting the city is a vital one, and has been pushed to the front in a manner which commands and demands attention. Turn on the light.

CITY PRINTING.

The city Solomons took this matter into consideration last night, and gave the printing to an obscure weekly, of limited, abbreviated and exceedingly circumscribed circulation, in absolute defiance of the letter and spirit controlling the matter. Read this quotation of ABSOLUTE LAW: "When it is deemed necessary by a city or village to make a public improvement, the council shall declare, by resolution, the necessity of such improvement, and publish the resolution not less than two nor more than four consecutive weeks, in some newspaper published and of GENERAL CIRCULATION IN THE CORPORATION." Is the weekly tribune a paper of general circulation in East Liverpool? Every fair-minded citizen of East Liverpool, backed by every advertiser in the city, knows that it is not. Further, the law has this to say respecting ordinances, resolutions, etc.: "Ordinances of a general nature, or providing for improvements, shall be published in some newspaper of GENERAL CIRCULATION IN THE CORPORATION; if a daily, twice; and if a weekly, once, before going into operation." The spirit and letter of the law contemplates the daily paper, if a daily of general circulation be published in city, town or village, and if no daily be therein published, then in a weekly. THE NEWS REVIEW and Crisis are papers of GENERAL CIRCULATION in this city, and either paper would have filled the bill to the satisfaction of readers and taxpayers; but the selection of the weekly tribune, a paper of no GENERAL CIRCULATION in East Liverpool, is a travesty upon common sense, and indicative of the fact that the councilmen who voted for it are either prejudiced against the two dailies, or they are hayseeds and old fogies from away back. A leading councilman said yesterday, previous to the meeting: "Yes, we have opened the matter to the weeklies of the city, as it don't make much difference where the resolutions and ordinances are published, as they are read by but very few." And that is

THEY HAVE BEEN — GREAT SELLERS

No Stickers, as we Call Them.
Stickers are Poor Sellers.

This is the reason many merchants find themselves at the end of the season with too many stickers, and their suits carried over from one season until other seasons, accumulating what is known as old stock or over stock of undesirable goods.

We are Making a
Special Sale This Week.

WHAT WE CALL SELLERS—Suits that have been sellers with us this season, nobby, stylish, up-to-date goods. Of these suits you may find one, two or three of a style left.

Suits that are worth and sold by dealers at
\$13.00, \$14.00, \$15.00, \$16.00, \$17.

Choice \$10.00

These prices will knock out stickers, poor sellers, sweat-shop-made clothing. The greatest sale of suits in the city.

COME AT ONCE.
Take Advantage of these Prices.

This sale continues as long as these suits last. Your opportunity to buy stylish goods. Prices that will bring new customers to our store.

JOSEPH BROS.

where the solon shows his ignorance of public questions and affairs, as said ordinances and resolutions are of deep interest to many citizens. Further than this, said councilman and his fellows had no right to go contrary to the law, which expressly and emphatically states that said matter must be "published in a paper of general circulation in the corporation." Messrs. Ashbaugh and Stewart voted against the use of the weekly tribune, with Purinton, Peake, Challis, Horwell and Kent in favor of the back number. Workmen of the city will make note.

LEE VISITS PRISONERS.

He Finds the Americans Sick and in Filthy Quarters.

HAVANA, June 10.—In the Trinidad district of the province of Santa Clara the insurgents have burned the village of Birina. Jose Maceo, Perico Perez and Rabi have entered the town of Jiguani, province of Santiago de Cuba, which was defended by a garrison of 180 Spanish soldiers. General Gasco afterward dislodged the insurgents from Jiguani. No further details of this engagement have been received. The insurgents have burned the village of Cagio. The sugar crop is about one-eighth of last year's crop. The government is giving considerable consideration to the question of assisting unemployed laborers. If they are allowed to remain in idleness there is little doubt that they will go over to the insurgents.

Maximo Gomez is reported to be in the province of Puerto Principe preparing something to detract the attention of the government. In the meantime Carrillo is advancing westward and Maceo is overrunning Pinar del Rio. Generals Garrich, Melquizo, Bazan, Ruiz, Albacete, Hernandez, Ferrer and Colonel Segura have recently arrived in this city, and there is considerable speculation as to the reason for their absence from their commands. Common rumor has it that they have been called here to take part in an important council of war.

Luiz Diaz, who served in the last revolution, and Mario Adam, a brother-in-law of the insurgent leader Alejandro Rodriguez, have joined the insurgents from Puerto Principe. The insurgent leaders Zayas, Garces and others are assembling their forces in Manzanillo, Barrabas, Palo, Prieto and Santa Clara from Puerto Principe. United States Consul General Lee visited the Cabanas fortress and saw Julio Sanguilly and the prisoners taken on board the schooner Competitor. General Lee found them shut up in a dungeon with negro prisoners. Alfredo Laborde, who is said to have been the leader of the Competitor expedition and who is an American citizen, was found to be very sick.

Consul General Lee, having learned that the officer of the guard was repulsed by the governor of the fortress for allowing the visit, visited Captain General Weyler to offer his excuses. Captain General Weyler, however, an-

parently did not think badly of General Lee's visit to the prisoners, although it contravened the rules and laws of the fortress.

General Lee informed Captain General Weyler of the sickness of the prisoners and of the bad condition of their dungeon. General Weyler promised that they should be placed in a better situation and should be changed immediately to a room separated from other prisoners.

COMPLIMENTS AMERICAN SAILORS.
Emperor of China Testify His Appreciation of Their Bravery.

SAN FRANCISCO, June 10.—The emperor of China has testified his appreciation of the gallantry shown by the blue jackets of the American warships in rescuing drowning persons in the recent terrible disaster resulting from a collision at Woo Sang between the steamers Onwo and New Chwangby, presenting to the captain of each of Uncle Sam's cruisers in Asiatic waters an elaborately engraved and highly complimentary testimonial.

The part taken by the American sailor lads in this disastrous affair, which sent over 300 human beings to death, is given in detail by Harry Walsh, one of the crew of the Boston, in a letter to his mother, who resides in this city.

According to Walsh, the blue jackets of the cruiser Olympia did the most effective lifesaving work, as she was riding at anchor within 1,000 yards of the scene of the collision.

An expert tea mixer in China commands high wages, being paid from 60 cents to \$1 a day for his work.

JAPAN A COMPETITOR.

The Ways and Means Committee's Report.

Factories Being Built in Japan.

No Remedy Outside of Prohibition of Convict Labor Goods—The Prices Paid Workmen—American Capital Sees a Profitable Field For Investment.

WASHINGTON, June 10.—Chairman Dingley of the house ways and means committee has made a report on the menace to American manufacturers by the threatened invasion of the cheap products of Oriental labor and upon the effect of the difference of exchange between gold standard and silver standard countries upon United States manufacturing and agriculture, these questions having been investigated by the committee. The report says the sudden awakening of Japan from the Oriental slumber of centuries is being followed by an equally rapid westernizing of her methods of industry; that while the Japanese do not have the inventive faculty of Americans, or even of Europeans, their initiative faculties are wonderful. Their standard of living would be regarded as practical starvation by the workmen of the United States, and hours of labor average 12 a day. Such skilled workmen as blacksmiths, carpenters, masons, compositors, tailors and plasterers receive, in Japanese cities, only from 25 to 33 cents, and factory operatives 5 to 25 cents per day in our money and nearly double these sums in Japanese silver money, while farmhands receive \$1.44 per month. Europeans and Americans, says Mr. Dingley, are recognizing the profitable field afforded for investments and factories, and he adds: "Sixty-one cotton mills, controlled ostensibly by Japanese companies but promoted by Europeans, and several small silk factories are in operation with something over a half million spindles. Japan is making most of the cotton goods required to supply the narrow wants of her own people, and is beginning to export cheap silk fabrics and handkerchiefs.

"Recently a watch factory with American machinery was established by Americans, although the stock is held in the names of Japanese, as foreigners will not be permitted to carry on manufacturing in their own names until 1899; and the progress made indicates that the enterprise will prove a success."

The committee have not found that any articles of importance made by factory methods in Japan, outside of cheap silks, handkerchiefs, matings, rugs, etc., have as yet invaded the markets of the United States, but Japan threatens to be a more serious competitor than Great Britain, France or Germany.

According to Mr. Dingley, the competition will differ, not in kind, but in degree from European competition. The committee reports that it knows no remedy, outside of the absolute prohibition enforced against convict labor goods, except the imposition of duties on competing goods equivalent to the difference of cost and distribution.

The report continues: "Silver standard countries like Japan and Mexico, in which as it is claimed, the prices of domestic products estimated in silver remain the same as in 1873, are put to a disadvantage in their trade with foreign countries on a gold standard in that the latter countries are able to use silver, which costs nearly 50 per cent less than it did in 1873, in payment for products of silver standard countries, practically paying only half as much in their money for the products of silver standard countries as they paid in 1873, while the silver standard countries pay, or at least paid in 1892, 85 per cent more in silver and only 15 per cent less in gold for the products of gold standard countries than they did in 1873."

The advantages in foreign trade of an identical monetary standard are shown, and in considering the probabilities of enlisting the manufacturing countries of Europe in an international agreement for a fixed coinage ratio between gold and silver, it is said that the leading European countries, especially Great Britain, must be the first to feel the competition of Japan and other Oriental countries.

SOON TO ADJOURN.

Only Two Bills In the Way In the House, Aldrich Seated.

WASHINGTON, June 10.—The house gave its final approval to conference reports on two of the four appropriation bills which were in issue, the naval and the Indian bills.

The public buildings amendment and the electric lighting and sectarian charities items in the District of Columbia bill stand between congress and the final adjournment. It was the opinion

of the house leaders tonight that an adjustment would be effected and a final adjournment reached today or tomorrow at the latest. Most of the day in the house was devoted to the consideration of the Aldrich-Underwood contested election case from the Ninth Alabama district. The Democrats attempted to filibuster, but were overruled, and when the vote was taken the contestant, Mr. Aldrich, who is a brother of Mr. Aldrich who was seated in place of Mr. Robbins of Alabama, was given the seat by a vote of 116 to 107. Fifty Republicans voted with the Democrats against this action.

The Senate Session.

WASHINGTON, June 10.—The senate has agreed to final conference reports on the naval and Indian appropriation bills, leaving only the sundry civil and the District of Columbia conference report outstanding. The resolution for an inquiry into the circumstances of the award of the statue of General William T. Sherman occasioned an animated debate, Mr. Wolcott of Colorado criticizing the award on the ground that it was an injustice to the Society of American sculptors. Senators Allison, Hawley and Mills defended the award. The resolution was finally defeated.

ORGANIZE A SHOTGUN BRIGADE.

Farmers Attempt to Break Up a Reign of Thieving.

PORTSMOUTH, O., June 10.—The residents of South Portsmouth, Springville and Tygart Valley, Ky., have organized a shotgun brigade to attempt to break up the reign of petty thieving that has prevailed in that vicinity for several months.

The thieves have become so bold that they commit burglary openly, and live stock is not safe. The people say the thieves make their headquarters on Twin creek, in this and Adams counties.

New Executive Committee.

CLEVELAND, June 10.—At the session of the Y. M. C. A. secretaries a new executive committee was appointed, as follows: D. A. Sinclair, secretary and treasurer, Dayton, O.; Dr. Paul C. Phillips, Chicago; J. W. Cook, Bridgeport, Conn.; A. M. Wright, St. Louis; F. S. Goodman, New York; D. A. Budge, Montreal; E. L. Hamilton, Chicago. It was decided that next year's conference will be held at Selma, Ala., at the time of the International Y. M. C. A. convention.

Thinks Electrocutation a Retrogression.

COLUMBUS, June 10.—Governor Bushnell has received a letter from E. D. Cope, professor of comparative anatomy of Pennsylvania university and president of the Anatomical association for the advancement of science in regard to electrocution. He says: "I wish to state that in the opinion of many persons this form of execution is not an advance over other methods, but a retrogression."

Hanna Leaves For St. Louis.

CLEVELAND, June 10.—Hon. M. A. Hanna left in his private car for St. Louis. He was accompanied by Senator Redfield Proctor, Abner McKinley, General Osborne of Boston, a cousin of ex-Governor McKinley; Colonel Myron T. Herriek and Mr. Sylvester T. Everett, delegates from the Twenty-first Ohio district; George E. Matthews of the Buffalo Express and William M. Hahn.

Its Twenty-First Convention.

CLEVELAND, June 10.—Twenty-one years ago the International Association of Car Accountants held its first meeting in this city. The association celebrated its majority by holding its twenty-first convention in the city of its birth. The convention was called to order by James Osborne of the Canadian Pacific road. An address of welcome was delivered by Mayor McKisson and responded to by President Osborne.

New Corporations.

COLUMBUS, O., June 10.—The following incorporations have been authorized by the secretary of state: The Hebrew Ladies' Benevolent society, Cleveland; The Scofield, Shurner & Teagle company, Cleveland, capital stock \$175,000; The Russell Brothers company, Cincinnati, capital stock \$10,000.

The Shipbuilders and Boilermakers.

CLEVELAND, June 10.—The National Association of Shipbuilders and Boilermakers received reports of officers and committees. President Gompers of the American Federation of Labor is in the city and will address the delegates upon the advantages of affiliating their organization with the federation.

Her Heart Worth \$2,400.

TOLEDO, June 10.—The \$75,000 breach of promise case brought by Miss Lucille Grier against Deputy County Treasurer Roswell Messenger, and which has been hanging fire for over a year, was settled out of court on payment of \$2,400 by the defendant.

The Weather.

Generally fair; light to fresh northerly winds.

Dr. Arthur Elmer,

THE GREAT CLAIRVOYANT PHYSICIAN,

—WILL ARRIVE AT—

EAST LIVERPOOL, OHIO, JUNE 15, '96,

and remain for two weeks. Private Parlors at THOMPSON HOUSE for two weeks. Special terms given to callers before June 29th.

The Town Excited. The Medical Fraternity Dumbfounded.

The most astonishing cures on record! Wonders accomplished at Akron. Cripples come to his office, walk away, and tell of his wonderful cures.

DR. A. ELMER,

The great clairvoyant physician, who has created such a sensation in all parts of the state by his wonderful cures of rheumatic and paralytic cripples.

He makes rheumatic or paralytic cripples walk without their canes or crutches, no matter how bad they are, providing they can call at his private parlors at Thompson House, East Liverpool, O., commencing Monday, June 15.

For Two Weeks the Prince of Healers will remain at East Liverpool.

No matter how bad a person may be, they now have a chance to get well. Dr. Elmer will remain two weeks. The Doctor treats all diseases, and consultation and advice free. For six days we will treat free of all cost any person suffering with that

DREADED DISEASE, CATARRH.

He has received hundreds of letters and sworn statements telling of his wonderful cures all over the state.

Dr. Elmer is a wonder, and has surprised some of the skeptics of Akron, and they go away mystified and are "awe stricken" at this man's power. His office is so crowded that it takes four attendants to entertain them till their respective turn comes. The deaf will be made to hear. The eyes of the blind shall be opened. Cross eyes straightened in ten minutes. An event long to be remembered.

A WONDERFUL OFFER for the first week. Dr. Elmer will cure rheumatic and paralytic cripples free. The Prince of Healers will show the people of East Liverpool that he can and will do just as he has advertised. Remember it don't cost the cripple one cent.

NOTICE.—No money required of cripples the first week. Poor people treated free of all cost. Private parlors at Thompson House, East Liverpool, Ohio, for two weeks. Read his testimonials and sworn statements.

The question of lighting the city is a vital one, and has been pushed to the front in a manner which commands and demands attention. Turn on the light.

CITY PRINTING.

The city Solomons took this matter into consideration last night, and gave the printing to an obscure weekly, of limited, abbreviated and exceedingly circumscribed circulation, in absolute defiance of the letter and spirit controlling the matter. Read this quotation of ABSOLUTE LAW: "When it is deemed necessary by a city or village to make a public improvement, the council shall declare, by resolution, the necessity of such improvement, and publish the resolution not less than two nor more than FOUR consecutive weeks, in some newspaper published and of GENERAL CIRCULATION IN THE CORPORATION." Is the weekly tribute a paper of general circulation in East Liverpool? Every fair-minded citizen of East Liverpool, backed by every advertiser in the city, knows that it is not. Further, the law has this to say respecting ordinances, resolutions, etc.: "Ordinances of a general nature, or providing for improvements, shall be published in some newspaper of GENERAL CIRCULATION IN THE CORPORATION; if a daily, twice; and if a weekly, once, before going into operation." The spirit and letter of the law contemplates the daily paper, if a daily of general circulation be published in city, town or village, and if no daily be therein published, then in a weekly. The NEWS REVIEW and Crisis are papers of GENERAL CIRCULATION in this city, and either paper would have filled the bill to the satisfaction of readers and taxpayers; but the selection of the weekly tribute, a paper of NO GENERAL CIRCULATION in East Liverpool, is a travesty upon common sense, and indicative of the fact that the councilmen who voted for it are either prejudiced against the two dailies, or they are hayseeds and old fogies from away back. A leading councilman said yesterday, previous to the meeting: "Yes, we have opened the matter to the weeklies of the city, as it don't make much difference where the resolutions and ordinances are published, as they are read by but very few." And that is

THEY HAVE BEEN GREAT SELLERS

No Stickers, as we Call Them. Stickers are Poor Sellers.

This is the reason many merchants find themselves at the end of the season with too many stickers, and their suits carried over from one season until other seasons, accumulating what is known as old stock or over stock of undesirable goods.

We are Making a Special Sale This Week.

WHAT WE CALL SELLERS—Suits that have been sellers with us this season, nobby, stylish, up-to-date goods. Of these suits you may find one, two or three of a style left.

Suits that are worth and sold by dealers at
\$13.00, \$14.00, \$15.00, \$16.00, \$17.

Choice \$10.00

These prices will knock out stickers, poor sellers, sweat-shop-made clothing. The greatest sale of suits in the city.

COME AT ONCE.

Take Advantage of these Prices.

This sale continues as long as these suits last. Your opportunity to buy stylish goods. Prices that will bring new customers to our store.

JOSEPH BROS.

where the solon shows his ignorance of public questions and affairs, as said ordinances and resolutions are of deep interest to many citizens. Further than this, said councilman and his fellows had no right to go contrary to the law, which expressly and emphatically states that said matter must be "published in a paper of general circulation in the corporation." Messrs. Ashbaugh and Stewart voted against the use of the weakly tribute, with Purinton, Peake, Challis, Horwell and Kent in favor of the back number. Workmen of the city will make note.

LEE VISITS PRISONERS.

He Finds the Americans Sick and in Filthy Quarters.

HAVANA, June 10.—In the Trinidad district of the province of Santa Clara the insurgents have burned the village of Birima. Jose Maceo, Perico Perez and Rabi have entered the town of Jiguani, province of Santiago de Cuba, which was defended by a garrison of 180 Spanish soldiers. General Gasco afterward dislodged the insurgents from Jiguani. No further details of this engagement have been received.

The insurgents have burned the village of Cagio. The sugar crop is about one-eighth of last year's crop. The government is giving considerable consideration to the question of assisting unemployed laborers. If they are allowed to remain in idleness there is little doubt that they will go over to the insurgents.

Maximo Gomez is reported to be in the province of Puerto Principe preparing something to detract the attention of the government. In the meantime Carillo is advancing westward and Maceo is overrunning Pinar del Rio.

Generals Garrieh, Melquizo, Bazar, Ruiz, Albacete, Hernandez, Ferrer and Colonel Segura have recently arrived in this city, and there is considerable speculation as to the reason for their absence from their commands. Common rumor has it that they have been called here to take part in an important council of war.

Luiz Diaz, who served in the last revolution, and Mario Adam, a brother-in-law of the insurgent leader Alejandro Rodriguez, have joined the insurgents from Puerto Principe. The insurgent leaders Zayas, Garces and others are assembling their forces in Manzanado, Barrabas, Palo, Prieto and Santa Clara from Puerto Principe.

United States Consul General Lee visited the Cabanas fortress and saw Julio Sanguilly and the prisoners taken on board the schooner Competitor. General Lee found them shut up in a dungeon with negro prisoners. Alfredo Laborde, who is said to have been the leader of the Competitor expedition and who is an American citizen, was found to be very sick.

Consul General Lee, having learned that the officer of the guard was reprimanded by the governor of the fortress for allowing the visit, visited Captain General Weyler to offer his excuses. Captain General Weyler, however, an-

parently did not think badly of General Lee's visit to the prisoners, although it contravened the rules and laws of the fortress.

General Lee informed Captain General Weyler of the sickness of the prisoners and of the bad condition of their quarters. General Weyler promised that they should be placed in a better situation and should be changed immediately to a room separated from other prisoners.

COMPLIMENTS AMERICAN SAILORS.

Emperor of China Testify His Appreciation of Their Bravery.

SAN FRANCISCO, June 10.—The emperor of China has testified his appreciation of the gallantry shown by the blue jackets of the American warships in rescuing drowning persons in the recent terrible disaster resulting from a collision at Woo Sung between the steamers Onwo and New Chwangby, presenting to the captain of each of Uncle Sam's cruisers in Asiatic waters an elaborately engraved and highly complimentary testimonial.

The part taken by the American sailor lads in this disastrous affair, which sent over 300 human beings to death, is given in detail by Harry Walsh, one of the crew of the Boston, in a letter to his mother, who resides in this city.

According to Walsh, the blue jackets of the cruiser Olympia did the most effective lifesaving work, as she was riding at anchor within 1,000 yards of the scene of the collision.

An expert tea mixer in China commands high wages, being paid from 60 cents to \$1 a day for his work.

JAPAN A COMPETITOR.

The Ways and Means Committee's Report.

Factories Being Built in Japan.

No Remedy Outside of Prohibition of Convict Labor Goods—The Prices Paid Workmen—American Capital Sees a Profitable Field For Investment.

WASHINGTON, June 10.—Chairman Dingley of the house ways and means committee has made a report on the menace to American manufacturers by the threatened invasion of the cheap products of Oriental labor and upon the effect of the difference of exchange between gold standard and silver standard countries upon United States manufacturing and agriculture, these questions having been investigated by the committee. The report says the sudden awakening of Japan from the Oriental slumber of centuries is being followed by an equally rapid westernizing of her methods of industry; that while the Japanese do not have the inventive faculty of Americans, or even of Europeans, their initiative faculties are wonderful. Their standard of living would be regarded as practical starvation by the workmen of the United States, and hours of labor average 12 a day. Such skilled workmen as blacksmiths, carpenters, masons, compositors, tailors and plasterers receive, in Japanese cities, only from 26 to 33 cents, and factory operatives 5 to 25 cents per day in our money and nearly double these sums in Japanese silver money, while farmhands receive \$1.44 per month.

Europeans and Americans, says Mr. Dingley, are recognizing the profitable field afforded for investments and factories, and he adds: "Sixty-one cotton mills, controlled ostensibly by Japanese companies but promoted by Europeans, and several small silk factories are in operation with something over a half million spindles. Japan is making most of the cotton goods required to supply the narrow wants of her own people, and is beginning to export cheap silk fabrics and handkerchiefs."

Recently a watch factory with American machinery was established by Americans, although the stock is held in the names of Japanese, as foreigners will not be permitted to carry on manufacturing in their own names until 1899; and the progress made indicates that the enterprise will prove a success.

The committee have not found that any articles of importance made by factory methods in Japan, outside of cheap silks, handkerchiefs, matings, rugs, etc., have as yet invaded the markets of the United States, but Japan threatens to be a more serious competitor than Great Britain, France or Germany.

According to Mr. Dingley, the competition will differ, not in kind, but in degree from European competition. The committee reports that it knows no remedy, outside of the absolute prohibition enforced against convict labor goods, except the imposition of duties on competing goods equivalent to the difference of cost and distribution.

The report continues: "Silver standard countries like Japan and Mexico, in which as it is claimed, the prices of domestic products estimated in silver remain the same as in 1873, are put to a disadvantage in their trade with foreign countries on a gold standard in that the latter countries are able to use silver, which costs nearly 50 per cent less than it did in 1873, in payment for products of silver standard countries, practically paying only half as much in their money for the products of silver standard countries as they paid in 1873, while the silver standard countries pay, or at least paid in 1892, 85 per cent more in silver and only 15 per cent less in gold for the products of gold standard countries than they did in 1873."

The advantages in foreign trade of an identical monetary standard are shown, and in considering the probabilities of enlisting the manufacturing countries of Europe in an international agreement for a fixed coinage ratio between gold and silver, it is said that the leading European countries, especially Great Britain, must be the first to feel the competition of Japan and other Oriental countries.

SOON TO ADJOURN.

Only Two Bills in the Way in the House. Aldrich Seated.

WASHINGTON, June 10.—The house gave its final approval to conference reports on two of the four appropriation bills which were in issue, the naval and the Indian bills.

The public buildings amendment and the electric lighting and sectarian charities items in the District of Columbia bill stand between congress and the final adjournment. It was the opinion

of the house leaders tonight that an adjustment would be effected and a final adjournment reached today or tomorrow at the latest. Most of the day in the house was devoted to the consideration of the Aldrich-Underwood contested election case from the Ninth Alabama district. The Democrats attempted to filibuster, but were overruled, and when the vote was taken the contestant, Mr. Aldrich, who is a brother of Mr. Aldrich who was seated in place of Mr. Robbins of Alabama, was given the seat by a vote of 116 to 107. Fifty Republicans voted with the Democrats against this action.

The Senate Session.

WASHINGTON, June 10.—The senate has agreed to final conference reports on the naval and Indian appropriation bills, leaving only the sundry civil and the District of Columbia conference report outstanding. The resolution for an inquiry into the circumstances of the award of the statue of General William T. Sherman occasioned an animated debate, Mr. Wolcott of Colorado criticizing the award on the ground that it was an injustice to the Society of American sculptors. Senators Allison, Hawley and Mills defended the award. The resolution was finally defeated.

ORGANIZE A SHOTGUN BRIGADE.

Farmers Attempt to Break Up a Reign of Thieving.

PORTSMOUTH, O., June 10.—The residents of South Portsmouth, Springville and Tygart Valley, Ky., have organized a shotgun brigade to attempt to break up the reign of petty thieving that has prevailed in that vicinity for several months.

The thieves have become so bold that they commit burglary openly, and live stock is not safe. The people say the thieves make their headquarters on Twin creek, in this and Adams counties.

New Executive Committee.

CLEVELAND, June 10.—At the session of the Y. M. C. A. secretaries a new executive committee was appointed, as follows: D. A. Sinclair, secretary and treasurer, Dayton, O.; Dr. Paul C. Phillips, Chicago; J. W. Cook, Bridgeport, Conn.; A. M. Wright, St. Louis; F. S. Goodman, New York; D. A. Budge, Montreal; E. L. Hamilton, Chicago. It was decided that next year's conference will be held at Selma, Ala., at the time of the International Y. M. C. A. convention.

Thinks Electrocutation a Retrogression.

COLUMBUS, June 10.—Governor Bushnell has received a letter from E. D. Cope, professor of comparative anatomy of Pennsylvania university and president of the Anatomical association for the advancement of science in regard to electrocution. He says: "I wish to state that in the opinion of many persons this form of execution is not an advance over other methods, but a retrogression."

Hanna Leaves For St. Louis.

CLEVELAND, June 10.—Hon. M. A. Hanna left in his private car for St. Louis. He was accompanied by Senator Redfield Proctor, Abner McKinley, General Osborne of Boston, a cousin of ex-Governor McKinley; Colonel Myron T. Herrick and Mr. Sylvester T. Everett, delegates from the Twenty-first Ohio district; George E. Matthews of the Buffalo Express and William M. Hahn.

Its Twenty-First Convention.

CLEVELAND, June 10.—Twenty-one years ago the International Association of Car Accountants held its first meeting in this city. The association celebrated its majority by holding its twenty-first convention in the city of its birth. The convention was called to order by James Osborne of the Canadian Pacific road. An address of welcome was delivered by Mayor McKisson and responded to by President Osborne.

New Corporations.

COLUMBUS, O., June 10.—The following incorporations have been authorized by the secretary of state: The Hebrew Ladies' Benevolent society, Cleveland; The Seaford, Shurner & Teagle company, Cleveland, capital stock \$175,000; The Russell Brothers company, Cincinnati, capital stock \$10,000.

The Shipbuilders and Boilermakers.

CLEVELAND, June 10.—The National Association of Shipbuilders and Boilermakers received reports of officers and committees. President Gompers of the American Federation of Labor is in the city and will address the delegates upon the advantages of affiliating their organization with the federation.

Her Heart Worth \$2,400.

TOLEDO, June 10.—The \$75,000 breach of promise case brought by Miss Lucille Gruber against Deputy County Treasurer Rosewell Messenger and which has been hanging fire for over a year, was settled out of court on payment of \$2,400 by the defendant.

The Weather.

Generally fair; light to fresh northerly winds.

Dr. Arthur Elmer,

THE GREAT CLAIRVOYANT PHYSICIAN,

—WILL ARRIVE AT—

EAST LIVERPOOL, OHIO, JUNE 15, '96,

and remain for two weeks. Private Parlors at THOMPSON HOUSE for two weeks. Special terms given to callers before June 29th.

The Town Excited. The Medical Fraternity Dumbfounded.

The most astonishing cures on record! Wonders accomplished at Akron. Cripples come to his office, walk away, and tell of his wonderful cures.

DR. A. ELMER,

The great clairvoyant physician, who has created such a Sensation in all parts of the state by his wonderful cures of rheumatic and paralytic cripples.

He makes rheumatic or paralytic cripples walk without their canes or crutches, no matter how bad they are, providing they can call at his private parlors at Thompson House, East Liverpool, O., commencing Monday, June 15.

For Two Weeks the Prince of Healers will remain at East Liverpool.

No matter how bad a person may be, they now have a chance to get well. Dr. Elmer will remain two weeks. The Doctor treats all diseases, and consultation and advice free. For six days we will treat free of all cost any person suffering with that

DREADED DISEASE, CATARRH.

He has received hundreds of letters and sworn statements telling of his wonderful cures all over the state.

Dr. Elmer is a wonder, and has surprised some of the skeptics of Akron, and they go away mystified and are "awe stricken" at this man's power. His office is so crowded that it takes four attendants to entertain them till their respective turn comes. The deaf will be made to hear. The eyes of the blind shall be opened. Cross eyes straightened in ten minutes. An event long to be remembered.

A WONDERFUL OFFER for the first week. Dr. Elmer will cure rheumatic and paralytic cripples free. The Prince of Healers will show the people of East Liverpool that he can and will do just as he has advertised. Remember it don't cost the cripple one cent.

NOTICE.—No money required of cripples the first week. Poor people treated free of all cost. Private parlors at Thompson House, East Liverpool, Ohio, for two weeks. Read his testimonials and sworn statements.

J. R. WARNER & CO.

THE FESTIVAL OF SONG

Many People Turned Away From the Concerts.

A CHILDREN'S CHORUS OF 3,000.

It was a Great Triumph—A Great Program in the Evening—The Big Parade Takes Place Tomorrow—Many Prominent Singers Take Part.

PITTSBURG, June 10.—The second day of the Saengerfest was a grand success, and was only marred by one incident, namely, that thousands of people were turned away from the hall last night unable to gain admittance owing to the crowded condition of the hall. This, in the face of bad weather, is a remarkable record. The doors were closed promptly at 8:30, and fully 1,000 people were standing outside seeking admittance, many of whom held season tickets. Musically the festival is pronounced by competent judges a magnificent success.

The children's part of the program in the afternoon was carried out with dignity and precision, and gave great satisfaction. This feature of the Saengerfest had only been tried once before. At Milwaukee about 6,000 children sang a selection of an opera with the singing in tones. This event is considered the greatest attempt to train children's choruses ever attempted in America.

The most popular and attractive feature, which brought hundreds to the concert, was the singing by the children's chorus of 3,000 voices. They completely captivated the audience, and when the chorus of "Our Fair Land Forever" was sung amid the rhythmic waving of 3,000 United States flags.

The musical feature of the afternoon concert for many was the quartet from "Rigoletto" by Verdi, the quartet of singers including Miss Lillian Blauvelt, Miss Gertrude May Stein, A. L. Guille and Emil Senger.

Frau Katherine Dohse-Klafsky's appearance was the last note of the evening. She sang the aria from "Oberon," by Carl M. von Weber, "Ocean, Thou Mighty Monster." Though in this selection the singer sang with great power and excellence, it was not until she appeared in "Tristan and Isolde," in the most acceptable role in her entire repertoire, that of "Isolde," that she showed the greatness of her superb voice for Wagnerian roles.

TO HAVE A SPECIAL MEETING.

The Transcontinental Passenger Association to Meet June 18.

CHICAGO, June 10.—A call has been issued for a special meeting of the Transcontinental Passenger Association to be held in this city on June 18. The principal object of the meeting will be to consider the withdrawal of the Soo line from the association on account of the refusal of its application for a differential on both first and second class transcontinental business. It is likely that the Soo will reconsider its withdrawal if it can secure its differentials, but there is very little chance of its request being complied with.

The desire of the Canadian Pacific to exempt part of its business from the association agreement will also be considered, and the mileage book question will also be taken up.

The Union Pacific is desirous of making low excursion rates to Nebraska, and as some of its competitors have refused their assent, it has appealed to the chairman, who has denied the appeal. The Union Pacific has given notice that it will run these excursions independently of the other roads.

SEVENTEEN PERSONS INJURED.

A Portico Gives Way While Crowded During a Circus Parade.

OTTAWA, Kan., June 10.—While two dozen people crowded onto a portico in front of J. C. Shomo's drugstore while witnessing a passing circus parade, the structure gave way precipitating men, women and children 15 feet to the sidewalk below. Seventeen people were more or less seriously hurt.

The following is a list of the injured: Mrs. George Steinbaugh, Ottawa, leg broken; Mrs. David Day, Rantout, badly hurt, will probably die; Mrs. N. V. Allen, Ottawa, wrist broken; Mrs. Thomas Cowgill, Ottawa, leg broken; Mrs. Lizzie K. T. Miller, Ottawa, back wrenched; William Young, Greenwood; Ernest Young, arm broken; Johnny Young, Greenwood, head hurt; Miss Mabel Beachy, Ottawa, badly stunned; Miss Mollie Edmundson, Ottawa, back and shoulder hurt; baby of Henry Tennison, Norwood, face badly cut; Frank Owens, Ottawa, wrist broken; Miss Rose Davidson, Princeton, ankle sprained; N. V. Allen's son, Ottawa, badly hurt; George Corwin's son, Ottawa, face and head bruised; Miss Ethel Crane, Ottawa, badly hurt; Miss Peterson, badly hurt.

TORNADO IN ALABAMA.

Three Persons Killed and Over a Hundred Injured.

CHATTANOOGA, June 10.—A tornado of unusual severity struck the town of Wyeth City, about 30 miles from Gadsden, in Northern Alabama. The tornado made its appearance in the usual funnel-shaped cloud in the southeast and carried all before it. Thirteen houses have been literally blown from the face of the earth.

Of five of the structures nothing could be found but small pieces of kindling wood. Trees as large as two feet in diameter were cut like weeds and twisted to pieces. The path of the cyclone was about 100 yards wide, and total devastation followed it. Immediately after the funnel-shaped cloud passed off the work of rearing its victims was commenced, and at this time it is known that Ed. Lend and an unknown colored woman were killed. Twenty-five people were seriously injured, and six of them are reported dying. A 10-year-old lad was found half a mile away in a dying condition. The cyclone lasted five minutes and passed toward the northeast.

Connecticut Democrats for Gold.

HARTFORD, June 10.—The Democratic state convention to name delegates to Chicago is in session. All the prominent Democratic leaders of the state are present. The platform will advocate the "Jeffersonian sound money."

CAPTAIN HEALY SUSPENDED.

Former Commander of the Revenue Cutter Bear Found Guilty.

WASHINGTON, June 10.—Secretary Carlisle has taken action on the findings of the board, appointed in January last, to investigate the charges of drunkenness and conduct unbecoming an officer and gentleman preferred against Captain M. A. Healy of the revenue cutter Bear, stationed on the Pacific coast. The board found him guilty of nearly all the charges preferred against him, and found that he should be dismissed from the service, but in view of Captain Healy's long and efficient service recommended him to the favorable consideration of Secretary Carlisle.

The secretary adopted this recommendation of mercy and mitigated the sentence by ordering that Capt. Healy be placed at the foot of the list of captains and be suspended from rank and duty on waiting orders pay for a term of four years and be publicly reprimanded by the publication of the order on board all revenue cutters. He further admonished Captain Healy that if he is again found guilty of excessive use of intoxicants he will be summarily dismissed.

Bills Signed by the President.

WASHINGTON, June 10.—The president has signed the postoffice appropriation bill and the acts to expedite the delivery of imported parcels not exceeding \$500 in value; to regulate mail matter of the fourth class, and the joint resolution to authorize a scientific investigation of the fur seal fisheries.

Minister Taylor Ill.

WASHINGTON, June 10.—Word was received that Mr. Hannis Taylor, United States minister to Spain, has been taken ill in Paris. He was on his return to Madrid from England, after sending his family home.

KECK SENTENCED.

The Cincinnati Diamond Man Gets One Year and \$500 Fine.

PHILADELPHIA, June 10.—Herman Keck, a member of the Coeterman Keck Diamond Cutting company of Cincinnati, who was convicted in the U. S. district court of attempting to smuggle diamonds into this country, has been sentenced by Judge Butler to one year's imprisonment and a fine of \$500. Keck's prosecution was brought about by the Diamond Importers' union of New York, and his conviction was due mainly to the evidence of Captain Looswitz of the steamer Rhyndland, who testified to having received a package containing \$7,000 worth of diamonds from Keck in a restaurant in Antwerp which was to be given to F. Von Reith, also of Cincinnati.

Keck subsequently sailed for New York on the steamer Aller and was arrested by U. S. treasury officials on the description given by Captain Looswitz.

Nothing Important in the Walling Trial.

NEWPORT, Ky., June 10.—Twenty-two depositions were read in the forenoon and half as many in the afternoon in the Walling trial. Two experts were presented by the defense. Each of these was so skillfully and thoroughly examined by Colonel Nelson for the commonwealth as to make their final testimony invaluable to the prosecution. All the testimony the past few days has been for the defense.

Mr. Cullom Not a Candidate.

CHICAGO, June 10.—A Washington special says: Senator Cullom has definitely declared himself out of the presidential race. He said: "My name will not be presented to the St. Louis convention. McKinley will be nominated."

A California Watersport.

SAN FRANCISCO, June 10.—A special from Redding, Cal., says Lake City, a mountain village, was nearly destroyed by a watersport.

BRADLEY'S INTERVIEW

He May Publish Letters From McKinley.

PROMISES TO BE SENSATIONAL.

He is Still a Candidate For President. He Concludes to Hold a Consultation With Republican Leaders Before Publishing the Letters.

CINCINNATI, June 10.—The Commercial Gazette special from Frankfort, Ky., says: Governor Bradley has again donned his fighting clothes, and tomorrow an interview, probably supplemented by some spicy documents will be given out for publication by the Kentucky candidate for the presidency. When it was stated several days ago that Governor Bradley had not withdrawn from the presidential race and had not authorized anyone to withdraw his name the sentiments of the governor were voiced to the letter, and the interview Governor Bradley will authorize will not only verify this statement but will probably have an important effect on the campaign now in progress between the aspirants for the nomination.

Several days ago statements were sent out from Washington which originated in McKinley circles to the effect that Governor Bradley wrote Major McKinley while he was at Thomasville, Ga., on his southern tour two years ago asking his advice as to what currency position he should take and intimating that he (Bradley) was favorable to free silver. According to the Washington story, McKinley answered Bradley, advising him to come out for sound money. The governor will touch on this matter in the interview. When it is stated that two sets of Ohio letters are in his possession, and also letters from other presidential candidates on the currency question who were asked for advice at the time Bradley wrote McKinley at Thomasville, interest of a national character will be created. The letters from McKinley will not be published in the interview, as they are confidential, but Bradley evidently believes that he will be justified in publishing them, since his letter to McKinley has been given out by the McKinley managers at Washington, while the governor feels that he can honorably say what the McKinley letters say.

There are not less than five letters in Governor Bradley's possession from confidential aspirants, written about the time the Thomasville letter was penned, and it is more than probable that two of these letters will be used in the interview. It was Governor Bradley's intention to give out the statement, but he concluded to hold a consultation with several Republican leaders before publishing it. The latest Bradley interview will be red hot and somewhat sensational. It has been alleged that Governor Bradley reconsidered his alleged withdrawal on receipt of telegrams from Platt, Quay & Co.

"Have you authorized any interview intended to be considered as a withdrawal?" was asked of Governor Bradley.

"I have not," he replied.

DEMOCRATS SELECTING QUARTERS.

Many Delegations to the Convention Have Secured Accommodations.

CHICAGO, June 10.—The various state delegations to the national Democratic convention are already selecting their quarters. The New York delegation will be lodged at the Palmer House. The national committee will also have rooms provided for them at the Palmer. Tammany will be located at the Auditorium. It will have as companions the delegations from Mississippi, Kentucky, Maryland and South Carolina. Over in the annex West Virginia, Washington, Missouri and Rhode Island representatives will hold forth.

A number of eastern correspondents will also be located at the Auditorium annex. The Great Northern will house representatives of several of the New York and Philadelphia papers. Men who about for Kansas have engaged 25 rooms at the Leland. A stampede for rooms is expected within a few days.

EX-GOVERNOR BOIES' VIEWS.

A Democrat Will Certainly Be Nominated at Chicago Convention.

WASHINGTON, June 10.—A letter from ex-Governor Boies of Iowa has been received in this city in which he says: If the silver delegates control the convention at Chicago a Democrat will certainly be nominated by that convention. It is not vastly important as to who he shall be, if he is a thoroughly tried and true friend of the free coinage of silver, and is capable and honest. It would, in my judgment, be absolutely impossible to unite any considerable number of the delegates to that convention in favor of nominating any one outside of the party for the head of the list, at least.

Honors For American Professors.

LONDON, June 10.—Cambridge university proposes to confer an honorary degree upon Simon Newcomb, professor of mathematics and astronomy of Johns Hopkins university, Baltimore, and upon Francis Andrew March, professor of the English language at Lafayette college.

PITH OF THE NEWS.

Kansas City, Mo., has received a gift of 1,314 acres of land for a public park from Thomas H. Swope.

Sentiment among sound money Democrats is unfavorable to E. C. Benedict's suggestion that they bolt in case the silver forces win at Chicago.

John Keegan was convicted at Mt. Holly, N. J., of the theft of a horse and wagon and the robbing of a store at Pennington.

The death roll from the Barcelona bomb outrage has reached 14 and 30 more victims are dying. Many anarchists have been arrested.

Cretan insurgents won another victory over the Turkish troops.

Julius Simon, the eminent French statesman, has died at Paris.

Three men, Milson, Fowler and Seaman, have been hanged in Newgate prison, London, on one scaffold. The execution was private and death was instantaneous.

LOCAL BREVITIES.

Chas. Parinton has moved in to the city from Cannon's Mill.

The young people's society of the German church are picnicking at Rock Spring grove today.

The firemen who had their faces scorched by the intense heat of the recent fire are all recovering nicely.

The Specialty Glass company made a shipment of 72 barrels of glassware to Pictou, Nova Scotia, this morning.

—Mrs. Geo. Smith and daughter Miss Jessie, are in attendance at a picnic of the Silver Ridge school, near Summitville today.

The pigeon owned by George Meredith won the homing race from Plymouth to this city. The next fly will be from Chicago.

While playing ball yesterday afternoon, Samuel Thomas, of California hollow, had a finger mashed by being struck with the ball.

The Knights and ladies of the Maccabees will attend the Episcopal church in a body next Sunday morning to listen to an anniversary sermon.

Lawrence Heddleson left for Matamoras yesterday in response to a telegram announcing the serious illness of his father, who resides near that place.

A. L. Hughes has entered suit in Squire Morley's court against Harry Allison for \$106.50, balance due on account. The case comes up for trial tomorrow morning.

The river is steadily rising, although the stage of water is not sufficient for the transportation of coal fleets. The Ben Hur is the only packet due up today.

Phoebe Ball, a little girl residing on Walnut street, had a piece of glass, that has been in her foot for over a month, successfully removed by a physician today.

A chorus of 12 voices to take part in the organ recital to be held at St. Aloysius church, June 23, were practicing in the Presbyterian church last night, preparing for the event.

The new building being added to Knowles, Taylor & Knowles' work is roofed, and the completion of the entire structure will be accomplished within the next two weeks.

A report was current on the streets that a serious cutting affray had taken place at Park yesterday between two farmers. An investigation failed to throw any light on the matter.

Ferd Oschman came down from Pittsburgh last night, and said that the local Liederkreis society and those present at the saengerfest from this place, were being royally entertained by the reception committee.

The Alvin club have secured Rock Spring grove for July 4, and will hold a picnic there on that date. A number of attractions are booked to take place. A private dance was held in the club rooms last night.

A small fight is reported to have taken place at the ferryboat landing last night. One of the principals was a West Virginia youth who called another person a foul name, with the result that the former person received a deserved thrashing.

Miss Emma Applegate, daughter of Milton Applegate of Walnut street, will accompany Rev. Mrs. R. B. Whitehead to Mt. Lake Park, tomorrow. The young lady has been living at the Whitehead residence for some time and will probably remain with the family.

Alfred Beech, a kilnhand employed at the D. E. McNicol pottery, left last night for New York, en route for Burslem, Staffordshire, England. He will cross the Atlantic on the ocean steamer Teutonic, and will spend several weeks in the old country.

The members of the fire department wish to express their gratitude to Messrs. Frank Dickey and Chal Stewart, of Market street, who generously went to the trouble of providing coffee and lunch to the firemen during the progress of the recent conflagration.

We are in receipt of a tastefully-engraved souvenir ballot record of the national convention from E. H. R. Green, president of the Texas Midland railroad, and delegate from the sixth Texas district. The souvenir contains portraits of the coming president, William McKinley, and a number of presidential impossibilities, and is bound in red, white and blue tape.

The deal pending between the local Turnverein society and Isaac Knowles for the exchange of Turner hall for property on Washington street owned by the latter person is still lying in abeyance. A meeting of the committee of the society was held recently, but no action can be taken until Mr. Knowles, who at present is at London, O., returns to the city.

The laying of sidewalks on Calcutta road is being speeding carried on and an improved appearance of that thoroughfare is at once apparent. When the entire job is finished, the residents say that they will present a petition to council asking that the name, Calcutta road, be changed to the more agreeable appellation of St. Clair avenue. The latter name certainly is the more dignified of the two.

FROM LISBON.

What is Being Done in the Courts at the County Capital.

LISBON, June 10. (Special.)—There was a suit filed in court last evening which will force to sale the Charles McKenzie greenhouse, of Wellsville, to recover the sum of \$65.75, for which amount a judgment is asked. The amount is due Giles McGregor for lumber with which the greenhouse was built last summer. The First National bank, of Wellsville, and Herman and Mary Michaels have a claim on the building.

In the case of J. W. Cox against Joseph Falcon, a judgment was rendered in favor of the plaintiff for \$23.20 and costs.

A judgment by confession for \$5,106.67 was rendered yesterday afternoon in favor of the First National bank, of Salem, against H. J. Taylor and Richard Brown. The action was brought on a promissory note, was placed on the files yesterday.

THAT INVESTIGATION

Ordered by Council at the Instance of President Purinton.

A reporter took some trouble today to find out what cause there was for investigating the matter of three officers being at a ball game on Memorial day. He discovered that Officers Whan and Meanor were not on duty when at the game, as their hours for that week were from 6 p. m. until 6 a. m. As the game was over long before that time, they violated no rule, but had a perfect right to go where they pleased. Officer Jennings was the only officer on duty at the game, and it was nothing more than right that he should be there, as it is customary in any city to send at least one officer to any place where a large crowd is liable to gather, even if it is a ball game.

WOES OF A BEGINNER.

First Ride on a Bicycle Attended With Disastrous Results.

Arthur Dowd, an employee of the East Liverpool pottery, mounted a bicycle yesterday afternoon for the first time. He managed to maintain his balance going down College street, but while rounding the corner at Robinson street he ran into a big stone, and was pitched headlong from his wheel. Gathering himself up, the unfortunate rider found that he had received a number of bruises besides having his clothing riddled in several places. The tire of the front wheel became detached.

RECEIVED SAD NEWS.

Employee of the Freight Depot Called Away by Illness.

Two of the employees of the freight depot are off duty today, owing to the illness of relatives. Robert Starkey, of the receiving platform, was called to Salineville this morning by the intelligence that his sister, who lives there, was very ill.

Rueben Austin, of the clerical force, went to Smith's Ferry this morning, having received word that his father, a resident of that place, was also seriously ill.

CONDITION SERIOUS.

Mrs. Mumford, Who Was Shocked by Lightning, is Very Ill.

Owing to her advanced age Mrs. Jessie Mumford, of California hollow, who was severely shocked by lightning during the electrical storm Sunday, is in a precarious condition, and great care and attention will be necessary in order that her recovery be accomplished. Her nervous system is shattered as a result of the shock. Harry Mumford, her son employed as a mouldmaker at the Akron pottery, has been notified of his mother's illness and is expected home.

AN ACCIDENT.

A Bridge Employee Has His Hand Badly Crushed.

Albert Dahl, an employee at the bridge pier, this side, had his hand badly crushed while at work yesterday afternoon. Dahl was assisting in guiding a large mortar box that was being removed by means of the crane, when the unwieldy object swerved to one side and pinioned the employee's hand between it and a stone. A ragged wound was made in the heart of the hand, and the man was obliged to cease work.

BITTEN BY A SNAKE.

Albert Geisz Had a Badly Swollen Hand For Several Days.

One day this week, while Albert Geisz, of Calcutta road, in company with a number of companions, was out at the creek, he was bitten on the hand by a moccasin snake while in bathing. The bite was given prompt medical attention, but the hand commenced to swell from the effects of the poison. Yesterday the inflammation decreased to a great extent, and no serious results, it is thought, will follow.

The Loss Adjusted.

Mr. Gooch, of Columbus, representative of the London & Globe company, adjusted their insurance on the loss sustained to W. E. Cooper & Co., in the recent fire today. The amount is not yet given out.

Look Out for Trilby!

'GOLD WATCH MASHED.

Frank Dickey Mourns the Loss of a Valuable Timepiece.

Yesterday afternoon Frank Dickey hitched a team of horses to a wagon and drove down the street a short distance. Casting a glance to the rear his attention was directed to a shiny looking object lying on the ground. Returning he found that it was his gold watch, which had dropped from his pocket and was mashed into pieces by being run over by the wheels of the wagon.

THE KNIFE SLIPPED

And Made an Ugly Gash in the Hand of a Butcher.

Will Hunter, an employee of a Sixth street butcher shop, accidentally cut a great gash in his hand early last evening. He was engaged in sharpening a knife when the latter slipped and cut through the flesh to the bone. The blood flowed freely from the wound and was only staunch after much difficulty. Mr. Hunter is at work today, although his injured hand gives him much pain.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my housework. Mrs. W. L. Dunagan, Bonaqua, Hickman co., Tenn. For sale by A. H. Bulger, druggist.

Sangerfest Parade Day.

Thursday, June 11, special excursion tickets to Pittsburgh will be sold at one fare for the round trip from Dennison, Cadiz, New Cumberland, Wheeling, Bellaire, Alliance and intermediate ticket stations on Pennsylvania lines, good going on regular trains, valid returning until June 13, inclusive. The big Sangerfest parade takes place Thursday, June 11.

The Secretary Was Here.

Secretary H. J. Davies, of the street car line, came in from Cleveland last night to look up the damage sustained to the cars during the storm Sunday. Ten armatures were destroyed by the lightning, and as Superintendent Andrews is out of the city, Secretary Davies was summoned. He returned again this morning.

Excursions to Denver.

June 12 and 13 excursion tickets will be sold to Denver, Colo., via Pennsylvania lines for meeting national council, Junior American Mechanics. For details regarding rates, time of trains, return limit of tickets, and other information, please apply to local ticket agent of Pennsylvania lines.

"Many of the citizens of Rainsville, Indiana are never without a bottle of Chamberlain's Cough remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by A. H. Bulger, druggist.

PERSONAL MENTION.

—E. M. Huntsman is a Pittsburg visitor today.

—Mrs. Katie Goppert went to Pittsburg yesterday to sing at the Saengerfest this week.

—Mrs. Charles Dix is spending the week with friends in Pittsburg and attending the festival of song.

—Mrs. Hillman, of Second street, returned home yesterday, after a short visit with relatives in Wheeling.

—Frank Swaney returned to Beaver Falls today, after spending a few days with his parents in this city. Frank has been laid up by having a boil on his neck.

—Mrs. Harry Wood returned to her home in Pittsburg last night, after visiting her sister, Mrs. William Devon, Thompson Hill.

—William Cooper, of Knoxville, Jefferson county, arrived in the city yesterday to view the ruins of the fire that burned out his son's store. He returned home last night.

Postponed.

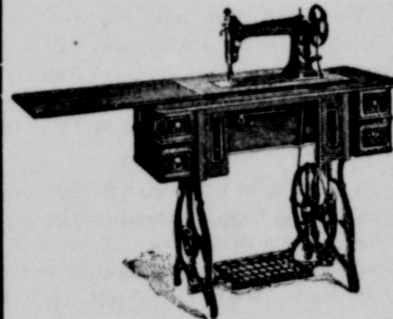

The game to have been played here tomorrow between the Crackajacks and East Palestine baseball club has been postponed indefinitely, owing to the wet condition of the grounds.

Sometime ago I was troubled with an attack of rheumatism. I used Chamberlain's pain balm and was completely cured. I have since advised many of my friends and customers to try the remedy and all speak highly of it. Simon Goldbaum, San Luis Rey, Cal. For sale by A. H. Bulger, druggist.

Our Summer Clearance Sale
Has Become

A GREAT SALE.

We didn't know when we began whether the people would do their part toward making this sale a success.

We did ours by cutting prices, but as cutting prices right in the season is an unheard of proceeding we didn't know how people would take to it.

However, they seem to enjoy it—they keep us busy, and no wonder, when you

Consider the Prices.

PILLOWS FOR \$1.35, WORTH \$2.25.

MATTRESSES FOR \$1.75, WORTH \$3.00.

BED SPRINGS FOR \$1.50, WORTH \$2.50.

CENTER TABLES, FOR \$1.25, WORTH \$2.00.

CHINA MATTING REDUCED 5 TO 15c PER YARD.

This Sale is the Ladies' opportunity to get Furniture and House Outfitings.

The POINTS

to be remembered in purchasing clothing are the quality, the cut and the price. It is very hard to get all these things satisfactory. When you can find everything all right, then purchase. Our store is noted for giving general satisfaction on the three points named.

Don't forget when passing our store to drop in for a moment. We can show you a

\$10 and \$12 Suit

that will be a revelation to you. No trash, remember—every article we sell must be first class and the price the lowest.

FROM LISBON.

What is Being Done in the Courts at the County Capital.

LISBON, June 10. [Special]—There was a suit filed in court last evening which will force to sale the Charles McKenzie greenhouse, of Wellsville, to recover the sum of \$65.75, for which amount a judgment is asked. The amount is due Giles McGregor for lumber with which the greenhouse was built last summer. The First National bank, of Wellsville, and Herman and Mary Michaels have a claim on the building.

In the case of J. W. Cox against Joseph Faloon, a judgment was rendered in favor of the plaintiff for \$53.30 and costs.

A judgment by confession for \$5,106.67 was rendered yesterday afternoon in favor of the First National bank, of Salem, against H. J. Taylor and Richard Brown. The action was brought on a promissory note, was placed on the files yesterday.

THAT INVESTIGATION

Ordered by Council at the Instance of President Purinton.

A reporter took some trouble today to find out what cause there was for investigating the matter of three officers being at a ball game on Memorial day. He discovered that Officers Whan and Meador were not on duty when at the game, as their hours for that week were from 6 p. m. until 6 a. m. As the game was over long before that time, they violated no rule, but had a perfect right to go where they pleased. Officer Jennings was the only officer on duty at the game, and it was nothing more than right that he should be there, as it is customary in any city to send at least one officer to any place where a large crowd is liable to gather, even if it is a ball game.

WOES OF A BEGINNER.

First Ride on a Bicycle Attended With Disastrous Results.

Arthur Dowd, an employee of the East Liverpool pottery, mounted a bicycle yesterday afternoon for the first time. He managed to maintain his balance going down College street, but while rounding the corner at Robinson street he ran into a big stone, and was pitched headlong from his wheel. Gathering himself up, the unfortunate rider found that he had received a number of bruises besides having his clothing riddled in several places. The tire of the front wheel became detached.

RECEIVED SAD NEWS.

Employees of the Freight Depot Called Away by Illness.

Two of the employees of the freight depot are off duty today, owing to the illness of relatives. Robert Starkey, of the receiving platform, was called to Salineville this morning by the intelligence that his sister, who lives there, was very ill.

Ruben Austin, of the clerical force, went to Smith's Ferry this morning, having received word that his father, a resident of that place, was also seriously ill.

CONDITION SERIOUS.

Mrs. Mumford, Who Was Shocked by Lightning, is Very Ill.

Owing to her advanced age Mrs. Jessie Mumford, of California hollow, who was severely shocked by lightning during the electrical storm Sunday, is in a precarious condition, and great care and attention will be necessary in order that her recovery be accomplished. Her nervous system is shattered as a result of the shock. Harry Mumford, her son employed as a mouldmaker at the Akron pottery, has been notified of his mother's illness and is expected home.

AN ACCIDENT.

A Bridge Employee Has His Hand Badly Crushed.

Albert Dahl, an employee at the bridge pier, this side, had his hand badly crushed while at work yesterday afternoon. Dahl was assisting in guiding a large mortar box that was being removed by means of the crane, when the unwieldy object swerved to one side and pinioned the employee's hand between it and a stone. A ragged wound was made in the heart of the hand, and the man was obliged to cease work.

BITTEN BY A SNAKE.

Albert Geisz Had a Badly Swollen Hand For Several Days.

One day this week, while Albert Geisz, of Calcutta road, in company with a number of companions, was out at the creek, he was bitten on the hand by a moccasin snake while in bathing. The bite was given prompt medical attention, but the hand commenced to swell from the effects of the poison. Yesterday the inflammation decreased to a great extent, and no serious results, it is thought, will follow.

The Loss Adjusted.

Mr. Gooch, of Columbus, representative of the London & Globe company, adjusted their insurance on the loss sustained to W. E. Cooper & Co., in the recent fire today. The amount is not yet given out.

Look Out for Trilby!

Sevengali, Little Billee, Taffy and the whole troupe in a theatre, given away by the Pittsburgh Dispatch, next Sunday, June 14.

GOLD WATCH MASHED.

Frank Dickey Mourns the Loss of a Valuable Timepiece.

Yesterday afternoon Frank Dickey hitched a team of horses to a wagon and drove down the street a short distance. Casting a glance to the rear his attention was directed to a shiny looking object lying on the ground. Returning he found that it was his gold watch, which had dropped from his pocket and was mashed into pieces by being run over by the wheels of the wagon.

THE KNIFE SLIPPED

And Made an Ugly Gash in the Hand of a Butcher.

Will Hunter, an employee of a Sixth street butcher shop, accidentally cut a great gash in his hand early last evening. He was engaged in sharpening a knife when the latter slipped and cut through the flesh to the bone. The blood flowed freely from the wound and was only staunch after much difficulty. Mr. Hunter is at work today, although his injured hand gives him much pain.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my housework. Mrs. W. L. Dunagan, Bonaqua, Hickman co., Tenn. For sale by A. H. Bulger, druggist.

Sangerfest Parade Day.

Thursday, June 11, special excursion tickets to Pittsburgh will be sold at one fare for the round trip from Dennison, Cadiz, New Cumberland, Wheeling, Bellaire, Alliance and intermediate ticket stations on Pennsylvania lines, good going on regular trains, valid returning until June 13, inclusive. The big Sangerfest parade takes place Thursday, June 11.

The Secretary Was Here.

Secretary H. J. Davies, of the street car line, came in from Cleveland last night to look up the damage sustained to the cars during the storm Sunday. Ten armatures were destroyed by the lightning, and as Superintendent Andrews is out of the city, Secretary Davies was summoned. He returned again this morning.

Excursions to Denver.

June 12 and 13 excursion tickets will be sold to Denver, Colo., via Pennsylvania lines for meeting national council, Junior American Mechanics. For details regarding rates, time of trains, return limit of tickets, and other information, please apply to local ticket agent of Pennsylvania lines.

"Many of the citizens of Rainsville, Indiana are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by A. H. Bulger, druggist.

PERSONAL MENTION.

—E. M. Huntsman is a Pittsburgh visitor today.

—Mrs. Katie Goppert went to Pittsburgh yesterday to sing at the Saengerfest this week.

—Mrs. Charles Dix is spending the week with friends in Pittsburgh and attending the festival of song.

—Mrs. Hillman, of Second street, returned home yesterday, after a short visit with relatives in Wheeling.

—Frank Swaney returned to Beaver Falls today, after spending a few day's with his parents in this city. Frank has been laid up by having a boil on his neck.

—Mrs. Harry Wood returned to her home in Pittsburgh last night, after visiting her sister, Mrs. William Devon, Thompson Hill.

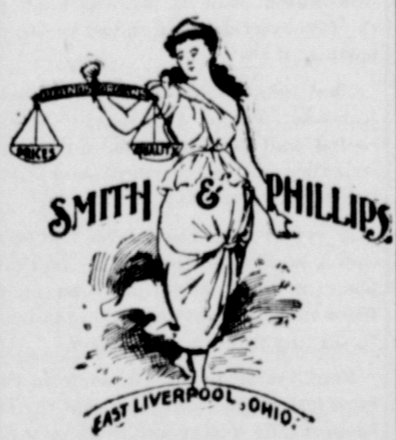

—William Cooper, of Knoxville, Jefferson county, arrived in the city yesterday to view the ruins of the fire that burned out his son's store. He returned home last night.

Postponed.

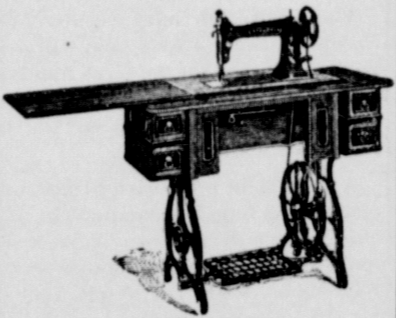

The game to have been played here tomorrow between the Crackajacks and East Palestine baseball club has been postponed indefinitely, owing to the wet condition of the grounds.

Sometime ago I was troubled with an attack of rheumatism. I used Chamberlain's pain balm and was completely cured. I have since advised many of my friends and customers to try the remedy and all speak highly of it. Simon Goldbaum, San Luis Rey, Cal. For sale by A. H. Bulger, druggist.
